**Initial Assessment : \$172.50**

Following the completion of a questionnaire, a detailed and specific assessment is compiled by READ AUCKLAND for your child. This report attempts to identify the causes underlying reading and learning challenges and makes recommendations for overcoming these. Follow up assessments are charged at \$155.25.

**One-On-One Tutoring : Customised Pricing**

Each session is an hour with a qualified tutor. Pricing reflects time spent preparing a customised lesson often read in conjunction with relevant reports from other education and medical specialists. Parents commit to enrolling their child PER SCHOOL TERM and attendances range from 1-3 sessions per week. This is to be discussed and arranged between parents and READ AUCKLAND.

~ \$155.25 per hour for 1 x session per week

~ \$138.00 per hour for 2-3 sessions per week

Invoices are sent out at the beginning of a term. We have a variety of payment options, including weekly and monthly automatic payments to suit your budget. Please indicate your preference when you complete your Client Tutoring Form.

Please note that missed lessons will still be charged for. We will do our best to accommodate any changes but due to high demand we cannot promise that missed lessons can be rescheduled. We make a commitment to your child for the Term and ask for your commitment to paying invoices in return. In the event that you need to cancel your tutoring commitment we ask for one months notice in writing.
